M/s. Troikaa Pharmaceuticals Ltd. receiving the IPA-ACG Innovation in Solid Dosage Form Award.

The IPA ACG – SciTech Innovation in Solid Dosage forms awards were announced which were introduced for the first time by IPA in collaboration with Associated Capsules Group and SciTech Research Centre. The objectives of these awards were to recognize outstanding contributions in the development of solid dosage forms and also to promote innovation in packaging of solid oral dosage forms. There were two categories for the awards. The first category was Best Innovative Development of a Solid Dosage form which was conferred upon Troikaa Pharmaceuticals Ltd.
